

Official Opening of Platinum Health Clinic in Steelpoort

PLATINUM
HEALTH

Platinum Health's (PH) commitment to provide accessible, quality healthcare to its members prompted the scheme to establish a new Primary Healthcare Clinic in Steelpoort.

The majority of PH members working at participating employers in the area where this medical facility is based, will benefit greatly from the clinic as it is conveniently located.

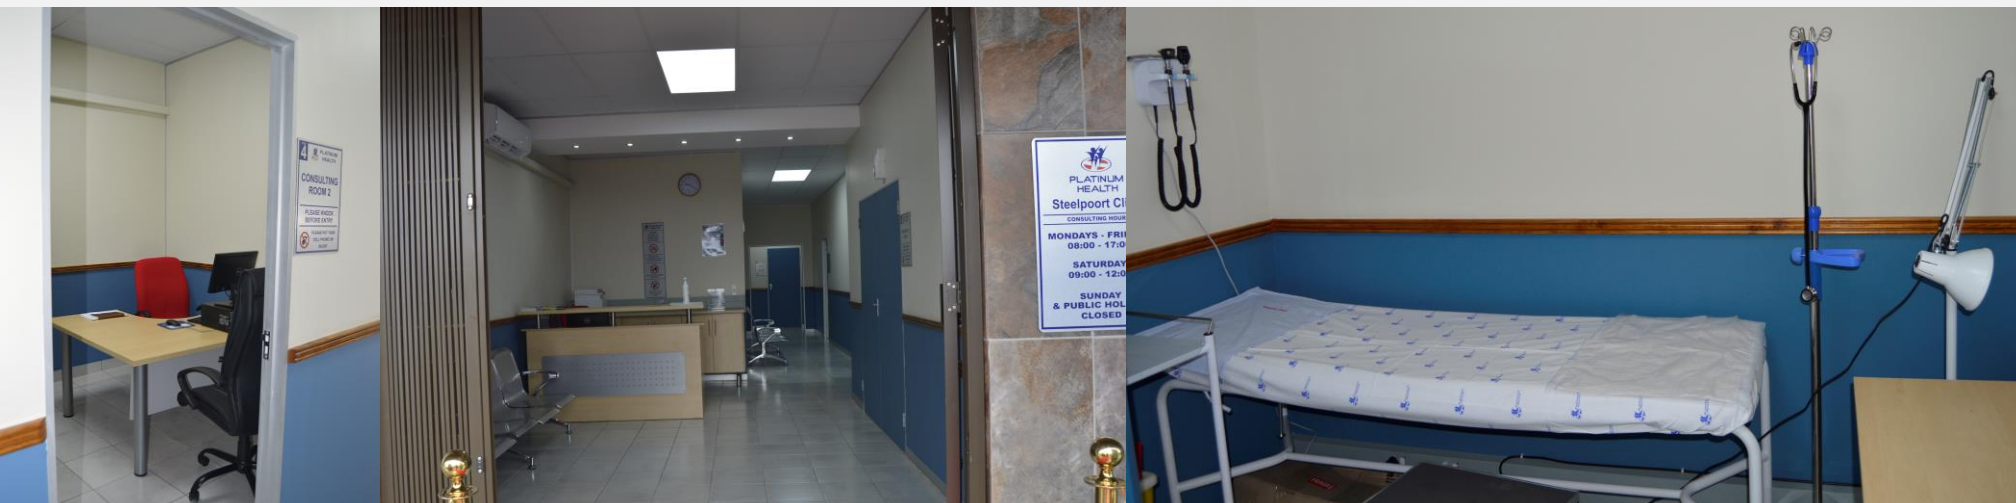

CUTTING OF THE RIBBON...

Ms. TK Mathelele (GIWUSA) did the honours of cutting the ribbon at the official opening of the clinic on Wednesday, 3 August 2022. Standing with her is Mr. Rodney Gounden (PH CEO) (left) and Dr. Matome Sekgala (PH COO – Eastern Limb) (right).

The primary healthcare clinic provides a spacious, relaxed environment which clearly demonstrates how PH is creating real value for its members by providing state-of-the-art healthcare facilities.

This is in line with the scheme's vision of providing appropriate healthcare of high quality to the satisfaction of stakeholders.

WALKABOUT ... Professional Nurse, Sr. Amelia Molapo took guests on a guided tour of the new clinic.
