## WHERE TO OBTAIN CHRONIC MEDICINE

PLATINUM HEALTH

Members can collect their chronic medicine from a Platinum Health pharmacy closest to them.

Members who reside (live) outside a 50km radius from a Platinum Health pharmacy, receive their chronic medicine via courier, delivered to the member's physical address.

Members can request that their chronic medicine be sent to a Platinum Health facility for collection.

Medication can be collected from clinics and dressing stations on mines; however, this should be pre-arranged with the Chronic Medication department.

Members who find themselves without medication, should contact the Chronic Medication Department at 014 590 1700 or their nearest Platinum Health pharmacy.
